NCR Wins Delivery Order for Automating Passenger Verification

October 23, 2013 at 8:00 AM EDT

Mobile solution improves security and expedites the passenger screening process

DULUTH, Ga.--(BUSINESS WIRE)--Oct. 23, 2013-- [NCR Corporation](#), the global leader in consumer transaction technologies, today announced that it will provide the Transportation Security Administration (TSA) with a mobile solution that enables TSA agents to enhance security and expedite passenger identification at checkpoints nationwide.

TSA is deploying NCR boarding pass scanners in October to help strengthen and expedite the passenger identification process at airports across the country.

"Making passenger travel safer and easier requires a blend of people, processes and technology," said Stan Ratcliffe, president, NCR Government Systems. "With leading technology solutions that enable more than 450 million secure consumer transactions around the world each day, NCR can apply that experience toward helping TSA meet its critical national security mission."

TSA's selection of NCR solutions is consistent with TSA's publicly stated goals of expanding passenger participation in its TSA **Pre✓**™ operations.
