*Integration supports NCR Voyix's continued expansion of commercial fuel payment capabilities*

ATLANTA--(BUSINESS WIRE)--May 27, 2026-- NCR Voyix (NYSE: VYX), a platform-powered leader in unified commerce for shopping and dining, today announced a collaboration with U.S. Bank<sup>®</sup> Voyager<sup>®</sup> (Voyager) to enable Voyager fleet card acceptance for commercial fuel transactions at NCR Voyix's cloud-native POS systems in the United States.

Under the collaboration, NCR Voyix's payments platform, Voyix Connect, will be expanded to integrate with the Voyager network to support transaction processing for fleets using Voyager fleet cards at participating locations. NCR Voyix expects to begin rolling out Voyager card acceptance in 2026 as the company continues deploying its cloud-based Voyix POS and fuel solutions across its base of more than 18,000 fuel stations.

"As we expand our commercial fuel capabilities, our focus remains on making fleet transactions easier to accept and easier to manage for our fuel and convenience customers," said Nick East, Executive Vice President and Chief Product Officer at NCR Voyix. "Integrating Voyager through Voyix Connect supports that goal by helping deliver a consistent payment experience at the pump while strengthening our next-generation commercial offering."

"Voyager integrates innovative technology with bank-grade discipline, authentic fleet expertise and attentive service to make it easier for drivers, managers and executives," said Joe Eykyn, Senior Vice President, U.S. Bank Voyager. "Working with NCR Voyix helps extend these benefits by enabling seamless acceptance through a modern, cloud-based POS environment, supporting merchants as they serve fleet customers with speed and confidence."

NCR Voyix continues to expand its commercial fuel portfolio as operators modernize infrastructure and adopt cloud-native solutions. With Voyix Connect, the company is focused on simplifying payment enablement and supporting scalable integrations that help fuel retailers serve fleet customers efficiently.
