

On March 16, 2026, NCR Voyix Corporation's Japanese subsidiary signed a deal to sell its legacy bank technology solutions business. The Buyer, NTT Data, is a business and technology services leader, headquartered in Japan.

The transaction is expected to close by the end of 2026.

**Business Overview:**

The business provides technology solutions to financial institutions in Japan, primarily software for:

- foreign exchange
- loans
- call centers
- video teller, and
- network solutions.

**Financial Overview:**

2025 revenue = \$23M

2025 EBITDA = \$8M

Our 2026 guidance will be updated to reflect the impact of the divestiture when we report Q1 2026 earnings. At that time, the historical financial results will be reflected as discontinued operations in our consolidated financial statements.
