PROXY STATEMENT

GENERAL INFORMATION

We are delivering these proxy materials to solicit proxies on behalf of the Board of Directors of NCR Corporation (which we refer to as “NCR,” the “Company,” “we,” or “us”), for the 2004 Annual Meeting of Stockholders, including any adjournment or postponement. The meeting will be held at 9:30 a.m. Eastern Standard Time, on April 28, 2004, in Dayton, Ohio.

Starting March 15, 2004, we are mailing this proxy statement, together with a form of proxy and voting instruction card (“proxy card”) and the Company’s annual report for the year ended December 31, 2003, to stockholders entitled to vote at the meeting.

Stockholders Entitled to Vote at the Meeting

If you are a registered stockholder at the close of business on the record date, February 9, 2004, you are entitled to receive this notice and to vote at the meeting. There were 95,292,556 shares of common stock outstanding on the record date. You will have one vote on each matter properly brought before the meeting for each share of NCR common stock you own.

Delivery of Voting Materials

As we did last year, we are taking advantage of the householding rules adopted by the U.S. Securities and Exchange Commission (“SEC”) that permit us to deliver only one set of disclosure materials (such as a proxy statement and annual report) to stockholders who share an address, unless otherwise requested. This program allows us to reduce the expenses of delivering duplicate disclosure materials to our stockholders who may have more than one stock account or who share an address with another NCR stockholder. We will continue to send a separate proxy card for each stockholder residing at a shared address. If you are a registered stockholder (owning your stock directly and not through a nominee such as a bank or broker) who receives multiple copies of NCR’s annual report and proxy statement, *you are encouraged to indicate your consent to the householding of future investor communications by answering “yes” to the Householding Election question on your proxy card.*

If you own NCR common stock beneficially through a nominee (such as a bank or broker), information regarding householding of disclosure materials should be forwarded to you by your nominee.

Electronic Access to Proxy Materials and Annual Report

This proxy statement and NCR’s 2003 annual report to stockholders are available on the following Internet sites: <http://investor.ncr.com/downloads/2004proxy.pdf> (proxy statement) and <http://investor.ncr.com/downloads/ncr2003ar.pdf> (annual report). Most stockholders can elect to view future proxy statements and annual reports over the Internet instead of receiving paper copies in the mail.

If you are a registered stockholder, you can choose to access your disclosure materials electronically and save the Company the cost of producing and mailing these documents by following the instructions provided at <http://www.icsdelivery.com/ncr> or by following the prompt if you choose to vote over the Internet. If you hold your NCR stock in nominee name (such as through a bank or broker), please review the information provided by your nominee for instructions on how to elect to view future proxy statements and annual reports over the Internet.

Stockholders who have chosen to view future disclosure materials electronically will receive an e-mail containing the Internet address to use to access NCR’s proxy statement and annual report.

How to Obtain a Separate Set of Voting Materials

If you have multiple NCR common stock record accounts and/or share an address with a family member who is an NCR stockholder and have received only one annual report and proxy statement, you may write or call our mailing agent, ADP-Investor Communications Services, at 51 Mercedes Way, Edgewood, New York 11717 (phone: 800-542-1061), to request separate copies of these materials at no cost to you. For future annual meetings, you may request separate disclosure materials by contacting our mailing agent at the address and number listed above.

How to Vote Your Shares

Your vote is important. Your shares can be voted at the annual meeting only if you are present in person or represented by proxy. Even if you plan to attend the meeting, we urge you to vote in advance. We encourage you to cast your vote electronically by going to the <http://www.proxyvote.com> web site or by calling the toll-free number (for residents of the United States and Canada) listed on your proxy card. Please have your proxy card in hand when going online or calling. **If you vote electronically, you do not need to return your proxy card.** If you choose to vote by mail, simply mark your proxy card, and then date, sign and return it in the postage-paid envelope provided.

Stockholders who hold their shares beneficially in street name through a nominee (such as a bank or broker) may be able to vote by telephone or the Internet as well as by mail. You should follow the instructions you receive from your nominee to vote these shares.

How to Revoke Your Proxy

You may revoke your proxy at any time before it is voted at the meeting by:

- properly executing and delivering a later-dated proxy (including a telephone or Internet vote);
- voting by ballot at the meeting; or
- sending a written notice of revocation to the inspectors of election in care of the Corporate Secretary of the Company at the address listed above.

Voting at the Annual Meeting

The method by which you vote will in no way limit your right to vote at the meeting if you later decide to vote in person at the meeting. If you hold your shares in street name, you must obtain a proxy executed in your favor from your nominee (such as a bank or broker) to be able to vote at the meeting.

Your shares will be voted at the meeting as directed by the instructions on your proxy card, voting instructions or electronic proxy if: (1) you are entitled to vote, (2) your proxy was properly executed, (3) we received your proxy prior to the annual meeting, and (4) you did not revoke your proxy prior to the meeting.

The Board's Recommendations

If you send a properly executed proxy without specific voting instructions, your shares represented by that proxy will be voted as recommended by the Board of Directors:

- FOR the election of the nominated slate of directors (see pages 7 to 8);
- FOR approval of the appointment of the Company's independent auditors for 2004 (see page 29);
- AGAINST the stockholder proposal regarding auditor fees (see pages 29 to 31); and
- AGAINST the stockholder proposal regarding the discontinuation of certain executive compensation (see page 32 to 33).

A third stockholder proposal, requesting that the board adopt an alternative executive compensation program, was also submitted. After discussions with the stockholder proponent by Company management and a commitment to communicate the direction taken in 2004 by the Compensation Committee with respect to NCR's long-term incentive compensation program, the proposal was withdrawn from consideration at the annual meeting.

Voting Shares Held in the NCR Savings Plan

If you are a participant in the NCR Savings Plan, your proxy includes any NCR common stock allocated to your plan account. The trustee of this plan will vote the number of shares allocated to your account according to your instructions. If you do not vote your shares in the NCR Savings Plan as instructed above, the trustee will vote unallocated shares, and any allocated shares for which voting instructions are not timely received, in the same proportion of "For" and "Against" votes as the shares for which voting instructions were timely received.

Voting Shares Held Under the NCR Direct Stock Purchase and Sale Plan

If you are a participant in the direct stock purchase and sale plan (the "DSPP") administered by our transfer agent, Mellon Investor Services, for NCR, your proxy includes the NCR common stock held in your DSPP account. Mellon, as the DSPP administrator, is the stockholder of record of that plan and will not vote those shares unless you provide it with instructions, which you may do over the Internet, by telephone, or by mail using your proxy card.

Votes Required to Approve Each Item

The presence at the meeting (in person or by proxy) of the holders of at least a majority of the shares outstanding on the record date, February 9, 2004, is necessary to have a quorum allowing us to conduct business at the meeting. A majority of the votes cast at the meeting (in person or by proxy) is required to approve the election of directors and any other items of business at the meeting. Broker "no-votes" and abstentions have no effect on the outcome of the vote for the election of directors or any other items. Broker "no-votes" occur when a nominee (such as a bank or broker) returns a proxy, but does not have the authority to vote on a particular non-routine proposal because it has not received voting instructions from the beneficial owner.

Annual Meeting Admission

You may attend the meeting if you are a registered stockholder, a proxy for a registered stockholder, or a beneficial owner of NCR common stock with evidence of ownership. **If you plan to attend the meeting in person, please complete and return to NCR's Corporate Secretary the meeting reservation request form printed on the back of this booklet. If you are not a registered stockholder, please include evidence of your ownership of NCR stock with the form (such as an account statement showing you own NCR stock as of the record date).** If you do not have a reservation for the meeting, you may still attend if we can verify your stock ownership at the meeting.

We will include the results of the meeting in NCR's next quarterly report filed with the SEC. You may also find information on how to obtain a full transcript of the meeting in that quarterly report or by writing to NCR's Corporate Secretary at NCR Corporation, 1700 South Patterson Blvd., Dayton, Ohio 45479.

ELECTION OF DIRECTORS
(Item 1 on Proxy Card)

The Board of Directors is currently divided into three classes. Directors hold office for staggered terms of three years (or less if they are filling a vacancy) and until their successors are elected and qualified. One of the three classes is elected each year to succeed the directors whose terms are expiring. As of the 2004 annual meeting, the terms for the directors in Classes A, B and C of the Board of Directors expire in 2006, 2007, and 2005, respectively.

Proxies solicited by the board will be voted for the election of the nominees, unless you withhold your vote on your proxy. The board has no reason to believe that these nominees will be unable to serve. However, if one of them should become unavailable, the board may reduce the size of the board or designate a substitute nominee. If the board designates a substitute, shares represented by proxies will be voted for the substitute nominee.

The board recommends that you vote FOR each of the following nominees for election as a director.

Corporate Governance

NCR's Board of Directors is elected by the stockholders to govern the business and affairs of the Company. The board selects the senior management team, which is charged with the conduct of the Company's business. Having selected the senior management team, the Board acts as an advisor to senior management and monitors its performance. It reviews the Company's strategies, financial objectives and operating plans. The board also plans for management succession of the Chief Executive Officer, as well as other senior management positions, and oversees the Company's compliance efforts.

To help discharge its responsibilities, your Board of Directors has adopted Corporate Governance Guidelines on significant corporate governance issues. These guidelines address such matters as director independence, committee membership and structure, meetings and executive sessions, director selection, retirement, and training, among other things. The board's Corporate Governance Guidelines are found on NCR's corporate governance web page at <http://www.ncr.com/corpgovernance/guidelines.htm>, and you may obtain a written copy of the guidelines by writing to NCR's Corporate Secretary at the address listed above. The board's independent directors meet regularly in executive session and, as provided in the Corporate Governance Guidelines, the Board of Directors has selected the Chair of the Audit Committee to preside at executive sessions during 2004.

In connection with its Corporate Governance Guidelines, the Board of Directors has established independence standards. In general, the board shall determine whether a director is considered independent, taking into account the following factors, in addition to those other factors it may deem relevant. No director may qualify as independent unless the board affirmatively determines that he or she has no material relationship with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with NCR). In addition, the director or director candidate:

- cannot have been an employee of the Company or any of its affiliates, or affiliated with the Company, within the past five years;
- cannot have been affiliated with or an employee of the Company's present or former independent auditors or its affiliates for at least five years after the end of such affiliation or auditing relationship;
- cannot have been in the past five years a paid advisor, service provider or consultant to the Company or any of its affiliates or to an executive officer of the Company or an employee or owner of a firm that is such a paid advisor, service provider or consultant;

- cannot be an executive officer or director of a foundation, university or other non-profit entity receiving significant contributions from the Company, including contributions in the previous three years that, in any single fiscal year, exceeded the greater of \$1 million or 2% of such charitable organization's consolidated gross revenues;

- cannot have been employed as an executive officer by another corporation that has (or had) an executive officer of the Company on its board of directors during the past five years;

- cannot be or have been for the past five years, a member of the immediate family of (i) an officer of the Company, (ii) an individual who receives more than \$100,000 per year in direct compensation from the Company, other than compensation for prior service that is not contingent on continued service, (iii) an individual affiliated with or an employee of the Company's present or former independent auditors or its affiliates, (iv) an individual who is an executive officer of another company that has (or had) an executive officer of the Company on its board of directors, (v) an executive officer of a company that has made payments to, or received payments from, the Company in a fiscal year that exceeded the greater of \$1 million or 2% of the other company's consolidated gross revenues, or (vi) any director who is not considered an independent director.

NCR's Board of Directors has determined that all of the Company's directors, except Messrs. Nyberg and Hurd, meet these independence standards.

Committees of the Board

NCR's Board of Directors has four committees: the Audit Committee, the Compensation Committee, the Committee on Directors and Governance, and the Executive Committee.

Audit Committee: The Audit Committee is the principal agent of the Board of Directors in overseeing (i) the quality and integrity of the Company's financial statements, (ii) legal and regulatory compliance, (iii) the independence, qualifications, and performance of the Company's independent auditors, (iv) the performance of the Company's internal auditors, and (v) the integrity of management and the quality and adequacy of disclosures to stockholders. The committee also:

- is solely responsible for hiring and terminating the Company's independent auditors and pre-approving all audit, as well as any audit-related, tax and other non-audit services, to be performed by the independent auditors;
- reviews and discusses with NCR's independent auditors their quality control procedures and the Company's critical accounting policies and practices;
- regularly reviews the scope and results of audits performed by the Company's independent auditors and internal auditors;
- meets with management to review the adequacy of the Company's internal control framework and its financial, accounting, reporting and disclosure control processes;
- reviews the Company's periodic filings and quarterly earnings releases;
- reviews and discusses with the Company's Chief Executive and Financial Officers the procedures they followed to complete their certifications in connection with NCR's periodic filings with the SEC; and
- discusses management's plans with respect to the Company's major financial risk exposures.

All three of the Audit Committee members are independent and financially literate as determined by the board under applicable SEC and New York Stock Exchange ("NYSE") standards. In addition, the board has determined that Messrs. Boykin and Lund are "audit committee financial experts," as defined under new SEC regulations, who are independent of management of the Company. No member of the committee may receive any compensation, consulting, advisory or other fee from the Company, other than board compensation described below under the caption "Compensation of Directors," as determined in accordance with applicable SEC and NYSE rules. Members serving on the Audit Committee are limited to serving on two other audit committees of public companies, unless the Board of Directors evaluates and determines that these other commitments would not impair his or her effective service to the Company.

A more detailed discussion of the committee's mission, composition, and responsibilities is contained in the Audit Committee Charter, which was adopted as revised by the Board of Directors in January 2004. A copy of this charter is attached as Appendix A to this proxy statement and can be found on NCR's corporate governance web page at http://www.ncr.com/corpgovernance/corpgov_board_charters.htm.

Compensation Committee: This committee, which is composed entirely of independent directors, reviews and approves NCR's compensation philosophy and programs covering executive officers and key management employees as well as the competitiveness of NCR's total executive officer compensation practices. The committee also:

- reviews the performance levels of NCR's executive officers and determines base salaries and equity and incentive awards for such officers;
- reviews NCR's executive compensation plans;
- reviews management's proposals to make significant organizational changes or significant changes to existing executive officer compensation plans; and
- oversees NCR's plans for management succession.

A more detailed discussion of the committee's mission, composition, and responsibilities is contained in the Compensation Committee Charter, which was adopted by the Board of Directors. A copy of this charter can be found on NCR's corporate governance web page at http://www.ncr.com/corpgovernance/corpgov_board_charters.htm.

Committee on Directors and Governance: This committee is responsible for reviewing the board's corporate governance practices and procedures and the Company's ethics and compliance program, and:

- establishes procedures for evaluating the performance of the Board of Directors and oversees such evaluation;
- reviews and makes recommendations to the board concerning director compensation; and
- reviews the composition of NCR's Board of Directors and the qualifications of persons identified as prospective directors, recommends the candidates to be nominated for election as directors, and, in the event of a vacancy on the board, recommends any successors.

The Committee on Directors and Governance is composed entirely of independent directors and with the board recommended this year's director nominees. A more detailed discussion of the committee's mission, composition, and responsibilities is contained in the Committee on Directors and Governance Charter, which was adopted by the Board of Directors. A copy of this charter can be found on NCR's corporate governance web page at http://www.ncr.com/corpgovernance/corpgov_board_charters.htm.

Executive Committee: This committee has the authority to exercise all powers of the full Board of Directors, except that it does not have the power, among other things, to declare dividends, issue stock, amend the Bylaws when the board is not in session, recommend to the stockholders any action that requires stockholder approval, or approve any merger or share exchange which requires stockholder approval. This committee meets between regular board meetings if urgent action is required.

Compensation of Directors

NCR has a director compensation program for its non-employee directors, and Mr. Hurd does not receive any extra pay for serving as a director on NCR's board. Each of NCR's non-employee directors receives an annual retainer which is payable for the year beginning on the date of NCR's annual meeting and ending on the day before the next such meeting. All non-employee directors, other than Mr. Nyberg, receive an annual retainer of \$40,000. Committee chairs receive an additional annual retainer of \$5,000, except that the Chair of the Audit Committee receives an annual additional retainer of \$12,000. Mr. Nyberg was appointed non-executive Chairman of the Board effective as of March 14, 2003. While he serves in this role, Mr. Nyberg will receive an annual retainer of \$225,000. The annual retainers are payable quarterly in equal installments as long as the director is still serving on NCR's board. If a director resigns or is terminated, he or she will forfeit any future installments of the annual retainer.

The non-employee directors may elect to receive all or a portion of their annual retainers in NCR stock instead of cash. In addition, the directors may choose to defer receipt of this stock (a) until he or she resigns or is no longer a director, (b) until five or ten years after it is payable, or (c) in one to five equal annual installments, beginning either the year after the retainer is earned, or the year following the date of termination as a director.

The Company maintains stock unit accounts based on NCR stock for deferred stock payments. Dividend payments on NCR stock equivalents, if any, will be reinvested in additional deferred stock units. Deferred stock payments may be paid in cash or in stock. A director who leaves the board prior to the date of payment of deferred stock units may elect, prior to termination, to convert the deferred stock units to a deferred cash account.

As of April 2003, non-employee directors will receive a meeting fee of \$1,500 for each regular board or committee meeting attended and each special board meeting attended. If a committee holds a special meeting, the committee chair will determine if the meeting is subject to the meeting fee. The meeting fees, which may be deferred in the same manner as the annual retainers, are paid one quarter in arrears. NCR also pays or reimburses the directors' expenses for attending board and committee meetings and our corporate aircraft is sometimes used to transport directors to and from these meetings.

Each non-employee director who joins the board as such receives an initial grant of NCR common stock with a value that is currently equal to each such directors' annual retainer fee based on competitive analogs. These directors have the option of receiving this stock immediately or deferring receipt in the same manner available for deferring their annual retainer; however, these deferred stock accounts are paid only in stock. If deferred, a stock unit account is maintained for each participating director.

In addition, NCR also pays a portion of director compensation in stock options. However, in light of Mr. Nyberg's stock holdings due to his prior service as Chief Executive Officer of the Company, he

receives his director pay entirely in cash and does not receive equity grants. Each non-employee director, other than Mr. Nyberg as non-executive Chairman, receives stock option grants effective on the date of the annual meeting for a number of shares of NCR common stock as determined by the Committee on Directors and Governance in its discretion, based on review of competitive data. The options have an exercise price of the fair market value of the stock on the grant date, are fully vested on the grant date, and are exercisable for ten years. As of April 2003, the Committee on Directors and Governance may also, in its discretion, grant shares of Company stock to directors in conjunction with the option grants. If granted, the stock is free of restrictions. Eligible directors may elect to defer receipt of this stock in the same manner available for deferring their annual retainers.

In 2003, each non-employee director, other than Messrs. Ringler and Nyberg, received 2,000 shares of NCR common stock and options for 4,000 shares of stock. Directors who are newly elected to the board after the annual stockholders' meeting, such as Mr. Ringler, may also receive mid-year equity grants of options and/or stock. In October 2003, the Committee on Directors and Governance exercised this discretion and granted Mr. Ringler 1,000 shares of NCR common stock and options for 2,000 shares of stock.

Selection of Nominees for Directors

Your directors and the Committee on Directors and Governance are responsible for recommending candidates for membership to the board. The director selection process is described in detail in the board's Corporate Governance Guidelines, which are posted on the Company's corporate governance website at <http://www.ncr.com/corpgovernance/guidelines.htm>. In determining candidates for nomination, the Committee on Directors and Governance will seek the input of the Chairman of the Board and Chief Executive Officer and will consider individuals recommended for Board membership by the Company's stockholders in accordance with the Company's Bylaws and applicable law. From time to time, the committee may engage outside search firms to assist it in identifying and contacting qualified candidates. All candidates are evaluated by the committee using the qualification guidelines included as part of the board's Corporate Governance Guidelines. As part of the selection process, the Committee on Directors and Governance and the Board of Directors are committed to finding proven leaders who are qualified to serve as NCR directors and examine candidates' business skills and experience, personal integrity and judgment, and ability to devote the appropriate amount of time and energy to serving the best interests of stockholders.

Stockholders wishing to recommend individuals for consideration as directors, should contact the Committee on Directors and Governance by writing the Company's Corporate Secretary at NCR Corporation, 1700 South Patterson Blvd., Dayton, OH 45479. Stockholders who want to nominate directors for election at NCR's next annual meeting of stockholders must follow the procedures described in the Company's Bylaws, which are available on our corporate governance website at http://www.ncr.com/corpgovernance/corpgov_bylaws.htm.

The directors nominated by the Board of Directors for election at the 2004 annual meeting were recommended by the Committee on Directors and Governance. All candidates for election are currently serving as directors of the Company and have been determined by the board to be independent directors. Messrs. Lund and Ringler were elected by the board to fill vacant positions during 2003. The Committee on Directors and Governance was assisted by an international executive search firm, Korn/Ferry International, in identifying and contacting Mr. Lund, while Mr. Ringler was identified and contacted by an independent director.

Communications with Directors

Stockholders wishing to communicate directly with NCR's Board of Directors, any individual director, the Audit Committee Chair as the presiding director at executive sessions of the board in 2004, or NCR's non-management or independent directors as a group are welcome to do so by writing NCR's Corporate Secretary at 1700 South Patterson Blvd., Dayton, Ohio 45479. The Corporate Secretary will forward any communications as directed. Any matters reported by stockholders relating to NCR's accounting, internal accounting controls or auditing matters will be referred to members of the Audit Committee as appropriate. Anonymous and/or confidential communications with the Board of Directors may also be made. For more information

on how to contact NCR's board, please see the Company's Corporate Governance website at http://www.ncr.com/corpgovernance/corpgov_contact.htm.

In addition, NCR's directors have a practice of attending the Company's annual meeting of stockholders each year. All of the directors attended the Company's 2003 Annual Meeting of Stockholders, except for Messrs. Robbins (who was not standing for re-election at that meeting), Holmes and Long.

Section 16(a) Beneficial Ownership Reporting Compliance

During 2003, all executive officers and directors of the Company timely filed the reports required under Section 16(a) of the Securities Exchange Act of 1934, except that the Company filed a late report on behalf of each of Messrs. Boykin and Prahalad for the award of a deferred stock quarterly retainer in lieu of cash as part of their annual retainers described above under the caption "Compensation of Directors," and a late report on behalf of Mr. Mark Quinlan for restricted stock that vested during the year.

BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors, which consists entirely of independent outside directors (the "Committee"), reviews and approves the Company's total compensation philosophy and programs covering executive officers and key management employees. The Committee reviews the performance levels of executive officers and determines the annual base salaries and both cash and equity incentive awards to be paid.

Compensation Philosophy

The Company's executive compensation program is designed to attract, motivate and retain the talented executive leadership necessary for NCR's long-term success. The program is intended to reward achievement of financial and strategic Company results as well as recognize individual contributions.

A substantial portion of each executive's total compensation is intended to be variable and delivered on a pay-for-performance basis.

The compensation program is designed to support the Company's current priorities of repositioning the business and executing a business strategy that emphasizes both growth and cost containment. In addition, the compensation program recognizes that NCR is a single company made up of multiple business units with differing market dynamics.

How Executive Pay is Determined

To achieve our goal of attracting, motivating and retaining top executive talent, the Committee, with the assistance of outside consultants, analyzes market data and reviews such factors as market trends when determining compensation levels.

As part of its new listing standards, in 2003 the New York Stock Exchange required that compensation committees of listed companies have the ability to engage their own consultants. Accordingly, the charter of NCR's Compensation Committee was amended to give the Committee the sole authority to retain consultants to assist in evaluating the Company's executive compensation. To carry out this mandate and to reinforce its independence, during 2003, the Committee decided to discontinue the engagement of the outside consultant previously retained by management. The Committee Chair directed a thorough selection process of evaluating and interviewing consultants. The Committee ultimately engaged Watson Wyatt & Company, a nationally recognized compensation consulting firm. Under Watson Wyatt's guidance, the Committee then undertook a complete review of the Company's executive compensation program, including an analysis of the competitiveness of the program.

The Committee determined that data drawn from multiple nationally recognized, broad-based surveys provides the most appropriate methodology for comparing the Company's compensation program to market levels, rather than using a peer group. In the past, including 2003, a peer group of similar companies was used to establish total compensation levels, including some companies included in the

S&P Technology Sector Index found under the caption “Stock Performance Graph” above. While the peer group used in the past provided a reasonable indication of market levels of compensation, the Committee feels that for the future, broad-based survey data will provide the primary basis for determining market pay levels appropriate for the Company.

Total compensation for executives is targeted to approximate the median of the applicable market data. In setting compensation, the Committee also considers an executive’s performance, experience in the job, expertise and internal positioning.

Due to the performance-oriented nature of the Company’s incentive programs, total compensation may exceed target levels when the Company’s performance goals are exceeded. Likewise, total compensation may, and has, lagged the market when performance goals are not achieved.

The key components of the compensation program for executive officers are base salary, annual incentive compensation and long-term incentives, each of which is described below.

Base Salary

Base salaries for executive officers are determined by the Committee annually, based on (1) a review of market data, (2) each executive’s performance for the prior year, (3) each executive’s experience, expertise, and internal positioning, and (4) the level of annual increase for the Company’s employees generally.

For 2003, due to challenging business conditions and the generally low level of inflation globally, the Company’s annual salary increase for all employees was minimal. Accordingly, the base salaries of all executive officers except one were determined to be consistent with those of similar executives at peer companies and therefore no increase was warranted. One executive with base pay somewhat below market received a 4% increase, to recognize superior performance. One executive with base pay somewhat below market did not receive an increase due to missing business unit performance objectives for the prior year.

Annual Incentive Compensation

Executive officers participate in the NCR Management Incentive Plan for Executive Officers (“MIP”) and are eligible to receive annual cash incentive awards based upon performance against objectives established by the Committee. Each executive other than the Chief Executive Officer is eligible to receive a target award of 60% of base pay if financial objectives are met. At specified threshold levels of performance the plan pays a portion of the target amount, and up to twice the target amount may be paid if objectives are significantly exceeded.

The MIP is intended to promote a vision of shared success by providing a straightforward, understandable framework that unifies the Company’s multiple business units around the goal of the Company’s overall success. To this end, at least 50% of target annual incentive pay for all executive officers for 2003 was based on the performance of the Company’s “non-pension operating income after capital charge.”

“Non-pension operating income” or “NPOI” is based on the Company’s operating income reported under generally accepted accounting principles less the impact of pension income or expense during the year, because the positive or negative impact of pension is recognized over a number of years, and is not directly related to an individual executive’s performance. Non-pension operating income represents the Company’s highest business imperative of growing revenue while controlling operating costs (excluding the impact of pension), and is a measure that is simple, easily understood and tracked by the Company throughout the year. As a result, the Committee believes that this performance measure will help drive behaviors that lead to the Company’s success.

For executive officers, non-pension operating income is measured “after capital charge” to motivate them to prudently manage the Company’s assets while driving to increase revenue and lower operating costs. “Capital charge” is the cost of capital used by NCR in its operations and corporate activity.

In addition to their company-wide performance measure, executive officers aligned with business units have 50% of their annual incentive tied to business unit non-pension operating income and revenue.

For 2003, the Committee set the MIP measures at levels that would pay 75% of the bonus if the

Company's financial plan objectives were achieved, and 100% of the bonus if stretch financial objectives were achieved. Pay-outs greater than 100% would occur if the stretch financial objectives were significantly out-performed. The Company met its overall financial plan for 2003 and the business units met or exceeded most of their financial plan objectives, resulting in pay-outs of at least 75% for all executive officers. However, the Company and the business units fell slightly short of some of the stretch objectives, so the pay-outs ranged from 75% to 110%.

The Committee has the discretion to adjust the MIP awards upward or downward, but chose not to make discretionary adjustments to the 2003 awards other than a minor adjustment to Mr. Hurd's award as described below.

Long-Term Incentives

Long-term incentives for 2003 consisted of stock option grants under the NCR Management Stock Plan ("Stock Plan"). Generally, options granted to executives vest in equal annual installments over three years and expire ten years from the date of grant. The exercise price equals the fair market value of the stock on the date of grant.

Each year the usage of long-term incentives under the Stock Plan is determined by balancing market data, the desired mix of cash and equity, and financial considerations, including the impact on stockholder dilution. Efforts to stem dilution over the last several years has led to reduced option awards that are now somewhat below market median.

On occasion, in connection with the Company's efforts to hire, retain or promote executive officers, restricted stock is also awarded. In 2003, three executive officers received restricted stock.

The Committee is currently working with its outside consultant to replace the Company's existing stock option program under the Stock Plan with a portfolio of equity alternatives that will (1) effectively manage the Company's dilution and overhang and maintain reasonable run-rates, and (2) balance the cost of the plan with its effectiveness in driving results important to stockholders, while delivering awards that are perceived as valuable by employees. The Committee anticipates that the new program will be in place by 2005. In the meantime, the Committee plans to continue the current stock option program in 2004, at a reduced run-rate.

Stock Ownership Guidelines

NCR has stock ownership guidelines to increase the executive officers' equity stake in the Company and align their interests more closely with those of the stockholders. The guidelines strongly encourage the executive officers to increase their ownership of NCR stock to a face value equal to two times salary (three times for the Chief Executive Officer).

Compensation of Chief Executive Officer

Mr. Hurd was appointed Chief Executive Officer effective March 14, 2003, upon the resignation of Mr. Nyberg from that position. Mr. Hurd had previously been the Chief Operating Officer of the Company. Because he was new to the position of Chief Executive Officer, the Committee established his initial base salary somewhat below market median, with the understanding that Mr. Hurd's compensation would be revisited in mid-2003.

In September 2003, the Committee reviewed Mr. Hurd's compensation and 2003 performance to date, and determined that Mr. Hurd was performing successfully as Chief Executive Officer. As a result, on the advice of its outside consultant, the Committee increased Mr. Hurd's target annual MIP incentive percentage for 2003 from 100% to 110% of his base salary, retroactive to his appointment as Chief Executive Officer. In accordance with the principle of pay-for-performance, the Committee felt that an increased bonus opportunity for 2003 would make up the difference to Mr. Hurd of a below-market base salary, but only if the Company performed well for the year. Like other employees, Mr. Hurd's bonus pay-out could range from 0% to 200% of target, depending on the Company's financial performance.

For 2003, Mr. Hurd delivered four consecutive quarters of improved operating performance as measured by improved NPOI, non-pension operating income. Accordingly, he earned an annual bonus equal to 96% of his 110% target. In February 2004, the Committee exercised its discretion to adjust Mr. Hurd's bonus to pay him 96% of his 110% target as if he had received his base pay as President and Chief Executive Officer for the entire year. Even with these adjustments, Mr. Hurd's total compensation for the

year was somewhat below market median levels. For 2004, his total compensation opportunity was raised to market median levels.

Policy on Qualifying Compensation for Deductibility

The Company's policy with respect to the deductibility limit of Section 162(m) of the Internal Revenue Code generally is to preserve the federal income tax deductibility of compensation paid when it is appropriate and is in the best interests of the Company and its stockholders. However, the Company reserves the right to authorize the payment of nondeductible compensation if it deems that is appropriate.

We have structured our executive compensation program so that most of the amounts paid will be fully deductible. However, some of the compensation that we are able to pay under this program cannot be deducted. The Committee intends to carefully consider the 162(m) implications when designing the new long-term incentive program.

On December 31, 2003, the aggregate value of the unvested restricted stock awards granted to each of the Named Executives (including any NCR replacement awards for AT&T Corp. stock awards that were converted at the spinoff of NCR from AT&T at the end of 1996) was as follows: Mr. Hurd, 37,582 shares (\$1,458,182); Mr. Gagliardi, 10,000 shares (\$388,000); Mr. Hoak, 2,723 shares (\$105,652); and Mr. Koehler, 16,607 shares (\$644,352). In general, the remainder of this award will vest annually in two equal installments on September 9, 2004 and 2005, provided Mr. Hurd is still employed by NCR on such dates. Dividends, if any, on such shares are reinvested in additional shares of restricted stock.

- (1) These are management options for NCR common stock under the NCR Management Stock Plan, including (a) options granted on February 3, 2003, and (b) options granted on August 4, 2003. They become exercisable in 33 1/3% increments over three years, provided the officer is still employed by NCR, with certain exceptions in the case of death, disability, or retirement, except that the grant to Mr. Nyberg was amended to provide for immediate vesting as of March 14, 2003.
- (2) These are special options for NCR common stock under the NCR Management Stock Plan, including (a) options granted on March 14, 2003, and (b) options granted on March 4, 2003. They become exercisable in 33 1/3% increments over three years, provided the officer is still employed by NCR, with certain exceptions in the case of death, disability, or retirement.
- (3) In accordance with SEC rules, we chose the Black-Scholes option pricing model to estimate the present value of the options on the grant date. NCR's use of this model should not be construed as an endorsement of its accuracy at valuing options. All stock option valuation models, including Black-Scholes, require certain assumptions to be made. The following assumptions were made for purposes of calculating the present values of the options listed in footnote 1(a) and 1(b) above: each at volatility of 45%, dividend yield of 0%, an expected term of 5 years, and an interest rate of 3.0% and 3.1%, respectively. The following assumptions were made for purposes of calculating the present values of the options listed in footnote 2(a) and 2(b) above: each at volatility of 45%, dividend yield of 0%, an expected term of 5 years, and an interest rate of 2.7% and 2.6%, respectively. The real value of the options in this table depends upon the actual performance of the NCR stock underlying the options during the applicable period.

- (1) None of the individuals in this table has stock appreciation rights.
- (2) Mr. Nyberg did not have any outstanding options at year end, because his exercisable options had either expired or been exercised by that time.
- (3) This column includes both options granted before and after the spinoff from AT&T. Options granted before the spinoff were granted with respect to AT&T common stock. To the extent these options were outstanding on December 31, 1996, they were replaced on January 2, 1997, with options for shares of NCR common stock based on a conversion formula to preserve the economic value of the options at the time of the spinoff.
- (4) The value of in-the-money options is calculated as the difference between the closing market price of NCR common stock underlying the NCR stock options as of December 31, 2003 (\$38.80) and the exercise price of the option.

Pension Plans

The Company maintains a number of pension plans as part of the compensation and benefits it provides to its employees and executive officers. The plans covering NCR's Named Executives are summarized below. As of his resignation as Chief Executive Officer in March 2003, Mr. Nyberg no longer accrued any additional benefits under the Company's pension plans.

If Messrs. Hurd, Gagliardi, Hoak, Koehler, and Taylor continue in their current positions and retire at age 62, the estimated annual pensions payable to each of them from NCR's pension plans described below would be \$946,293, \$255,174, \$235,684, \$396,079, and \$215,044, respectively. These amounts are based on several assumptions, including that the executives continue in their current positions for 15, 5, 7, 11, and 8 years, respectively, and receive incentive payouts at target amounts and annual merit increases in each of these years. If, however, Messrs. Hurd, Gagliardi, Hoak, Koehler, and Taylor had left the Company as of December 31, 2003, the annual pensions payable to each of them from NCR's pension plans at age 62 would have been \$133,051, \$0 (because he is not yet vested under the plans), \$102,185, \$84,826, and \$34,576, respectively. Upon Mr. Nyberg's resignation from the Company, under the NCR Pension Plan, the NCR Nonqualified Excess Plan and the Officer Plan (as defined and described below), he is entitled to receive an estimated annual

pension payment of \$293,182 when he reaches age 62. This amount could be reduced to \$170,046 if he elects to begin receiving such benefits at age 55. All of the above amounts are straight-life annuity amounts although other optional forms of payment, some with reduced pensions, are available. Certain of NCR's nonqualified executive pension plan benefits are supported by a benefits trust, the assets of which are subject to the claims of NCR's creditors. In addition, except for the Officer Plan (as defined below), benefits under NCR's pension plans are not subject to reductions for Social Security benefits or other offset amounts.

The NCR Pension Plan:

The Company has a non-contributory, qualified pension plan called the NCR Pension Plan which covers all employees based in the United States. Each of the Named Executives is covered under this plan. The NCR Pension Plan pays a monthly pension benefit and a PensionPlus benefit. These benefits vest after five years of service or reaching age 65. The monthly pension benefit begins at age 62, or may be started between age 55 and 62 in a reduced amount. The PensionPlus benefit may be taken as a lump sum after termination of employment, or may be used to increase the monthly pension benefit.

The monthly pension benefit is computed by multiplying the following three items: (1) the participant's years of service with the Company, (2) a factor between 1.4% and 1.7%, depending on the participant's total years of service, and (3) the participant's modified average pay. Modified average pay is the average annual base pay and bonus received during a participant's career, with an adjustment to update pay for earlier years when earnings typically were less.

The PensionPlus benefit is computed as an account balance, although the account is for bookkeeping purposes only. The plan credits a participant's account with 1 1/2% of base pay and bonus, as well as interest credits on the account balance.

Employees hired on or after June 1, 2002, are not eligible for the monthly pension benefit but receive credits to their PensionPlus accounts of 3% of base pay and bonus.

The NCR Nonqualified Excess Plan:

Federal laws limit the amount of pay that may be considered under the NCR Pension Plan. The Company makes up the difference for senior managers with the NCR Nonqualified Excess Plan. The excess plan pays the additional pension benefits that would be paid under the NCR Pension Plan if the federal pay limits were not in effect. Each of the Named Executives is covered by the excess plan.

NCR Mid-Career Hire Supplemental Pension Plan:

NCR also maintains the NCR Mid-Career Hire Supplemental Pension Plan. This plan covers employees, including Mr. Gagliardi, who are hired by NCR for the first time at age 35 or over at specified management levels, and who terminate with at least five years of service at specified levels. The benefit is 1% of annual pay for each year worked for NCR, up to a maximum equal to the number of years between age 30 and the age on the date of hire with NCR. As of June 1, 2002, no new participants will be added to this plan.

Supplemental Retirement Plan:

The Company also has a supplemental retirement plan for senior managers, the Retirement Plan for Officers of NCR (the "Officer Plan"). This plan covers senior managers appointed to specified executive levels after November 30, 1988. Each of the Named Executives is covered under this plan. Effective June 1, 2002, no new participants will be added to the Officer Plan.

The Officer Plan pays monthly benefits of 2.5% of career average monthly pay for service after becoming a plan participant. The pension begins at age 62, or may be started between age 55 and 62 in a reduced amount. The benefit is offset by the participant's retirement or disability benefits paid under other NCR plans except for the NCR Mid-Career Hire Supplemental Pension Plan. No benefit is payable if a participant terminates employment during the first year covered by the plan. No benefit is payable if a participant terminates employment before age 55, other than by death, with less than 5 years of service with NCR. However, a participant will be entitled to plan benefits if employment is terminated after a change in control, as described in the NCR change in control severance plans (see the

description of those plans under “Employment Agreements and Change in Control Arrangements”). The Officer Plan also pays death benefits.

The Company has adopted the NCR Officer Plan for individuals newly hired or promoted into senior manager positions after June 1, 2002. The new plan has identical provisions to the Officer Plan, except that the monthly benefits equal 1.75% of career average monthly pay.

NCR Supplemental Plan for AT&T Transfers:

NCR maintains the NCR Supplemental Plan for AT&T Transfers, a supplemental retirement plan for senior managers, including Mr. Hoak, who transferred to NCR from AT&T Corp. during the years that NCR was a wholly-owned subsidiary of AT&T. No new participants have been added to the plan since NCR spun-off from AT&T on December 31, 1996. Participants receive a benefit from the plan if they terminate from NCR at or after age 55 with at least 5 years of service. The plan pays a pension equal to the difference, if any, between the retirement benefits provided by NCR and the retirement benefits that would have been provided by AT&T if the participant had continued to work for AT&T for the duration of the participant’s service with NCR. If Mr. Hoak continues in his current position and retires at age 62, his NCR retirement benefits will exceed the benefits he would have received from AT&T, so no benefit will be payable to him from this plan.

Employment Agreements and Change in Control Arrangements

Arrangement with Mr. Hurd:

In connection with his appointment as President and Chief Executive Officer of NCR as of March 14, 2003, Mr. Hurd received a letter from the Compensation Committee of the Board of Directors, dated March 6, 2003. This appointment letter specified his base salary and bonus opportunity under the NCR Management Incentive Plan, and his eligibility for annual option grants, employee benefit plans and retirement plans as routinely provided to officers at his level. In addition, under the March 6, 2003 letter, Mr. Hurd received a special grant of stock options for 50,000 shares of NCR common stock which will vest in three equal annual installments, beginning on March 14, 2004, provided Mr. Hurd is still employed by NCR at such times. The option award also includes certain non-competition restrictions.

Under the March 6, 2003 appointment letter, if Mr. Hurd’s employment is terminated involuntarily other than for good reason or Cause (as such term is defined in the NCR Change in Control Severance Plan for Executive Officers described below), he will receive cash payments totaling one times his annual base salary over a period not to exceed one year.

Arrangement with Mr. Gagliardi:

Mr. Gagliardi received an offer letter from NCR when he joined the Company in 2001. The offer letter, dated January 15, 2001, specified his starting base salary and bonus opportunity under the NCR Management Incentive Plan, and his eligibility for annual option grants, employee benefit plans and retirement plans as routinely provided to officers at his level. In addition, under the letter, he received special relocation benefit payments in 2001 and 2002.

Pursuant to the letter, Mr. Gagliardi also received a \$175,000 sign-on bonus. In addition, under the January 15, 2001 letter, Mr. Gagliardi received initial awards of stock options and restricted stock that in part compensated him for lost opportunity for compensation and equity incentives with his former employer. He received an initial one-time grant of options for 100,000 shares of NCR common stock, which included his 2001 grant of management stock options under the NCR Management Stock Plan. Mr. Gagliardi also received a special grant of 20,000 restricted shares of NCR common stock. The option and restricted stock awards vest in three and four equal annual installments, respectively, beginning on his first anniversary with the Company, provided Mr. Gagliardi is still employed by NCR at such times, and include non-competition restrictions.

If Mr. Gagliardi’s employment is terminated involuntarily other than for Cause or Good Reason (as such terms are defined in the NCR Change in Control Severance Plan for Executive Officers described below), he will receive a cash payment equal to his annual base salary and immediate vesting of the remainder of the restricted stock award provided for in the January 15, 2001 letter.

Arrangement with Mr. Nyberg:

When Mr. Nyberg resigned as Chief Executive Officer, he received a letter from NCR, dated March 13, 2003, that recognized his eight years as Chief Executive Officer and his significant contributions to NCR by vesting 3,921 restricted shares of NCR common stock that otherwise would have been forfeited upon his end of employment with the Company. The letter also vested 75,000 stock options that were granted on February 3, 2003, and extended the exercise period for these options through the end of their term. All other unvested options held by Mr. Nyberg on March 13, 2003, were forfeited and any options that had vested as of that date expired fifty-nine days thereafter. By accepting the terms of this letter, Mr. Nyberg agreed to certain non-solicitation and non-competition provisions for a period of eighteen months, and agreed that the restricted stock and options that were vested by the letter would be forfeited, including any gain realized from them, if he violated the provisions.

Change in Control Arrangements:

NCR has a Change in Control Severance Plan for Executive Officers. This plan, which terminates December 31, 2005, provides that executives officers may receive severance benefits if their employment with NCR is terminated as a result of involuntary termination without cause, or voluntary termination for good reason during the three years following certain events (such as an acquisition, merger or liquidation of the Company). These events are called "triggering events." An executive officer may also receive these benefits upon voluntary termination for any reason during the thirteenth month following the month in which the triggering event occurs. The severance benefits include (a) severance pay equal to base pay for three years, (b) payment of the target bonus under the NCR Management Incentive Plan for those three years, (c) reimbursement for any excise tax liability for the severance benefits under Internal Revenue Code Section 4999, (d) continued medical insurance coverage for the officer and eligible dependents and continued life insurance coverage for the officer, (e) outplacement services, and (f) financial counseling. In addition, the officer will be fully vested in any NCR stock options or other stock awards, and any accrued benefit under the Officer Plan. The officer will no longer receive the severance pay if he or she becomes employed by NCR or an unrelated company. If the officer dies while receiving severance benefits, the benefits will continue to be paid to his or her estate.

FEES PAID TO INDEPENDENT AUDITORS

The following table presents the approximate fees for professional audit services rendered by the Company's independent auditors, PricewaterhouseCoopers LLP ("PricewaterhouseCoopers"), for the audit of the Company's financial statements for fiscal years 2003 and 2002, as well as the approximate worldwide fees billed for other services rendered by PricewaterhouseCoopers in such years:

- (1) Includes fees required for the review and examination of NCR's consolidated financial statements, quarterly reviews of interim financial statements, and consultations by management as to the accounting or disclosure treatment of transactions or events and the actual or potential impact of final or proposed rules, standards or interpretations by regulatory and standard setting bodies. Also includes attestation services and review services associated with the Company's filings with the SEC.
- (2) Includes fees related to financial audits of employee benefit plans, services related to Sarbanes-Oxley Section 404 compliance planning, and services relating to the filing of securities reports for one of the Company's international subsidiaries. In 2002, also includes due diligence support services in connection with some of the Company's acquisition and divestiture activities and information technology security architecture review.
- (3) Generally includes tax compliance, tax advice, tax planning and expatriate services. In 2003, fees for tax services include (a) \$462,000 for tax compliance including the preparation, review and filing of tax returns, (b) \$407,000 for tax planning such as tax advice, transfer pricing assistance and consultation, tax technology advice, tax project implementation (other than for matters relating to the implementation of a financial system or assumption of a management function), economic tax analysis, and monitoring and analysis of legislative and regulatory developments relating to tax matters, (c) \$162,000 for transaction tax advice and support relating to assistance with non-income tax matters such as sales, use, and other taxes, (d) \$1.42 million for Internal Revenue Service consultation and tax audit assistance, (e) \$93,000 for local country statutory financial statement services incidental to the preparation of local country tax returns, among other things, and a foreign tax consultation, and (f) \$1.3 million for expatriate services including tax return preparation, tax equalization calculations, tax consultancy, and related international assignment administration services. - (4) Includes fees for all other permissible work performed by PricewaterhouseCoopers that does not meet the above category descriptions. In 2003, approximately 45% of this work related to planning, advisory and tax services in connection with the liquidation of previously-acquired corporate entities after their operational integration into the Company, and approximately 40% was incurred in connection with the preparation of a SAS 70 report for the Company's ATM channel management business. In 2002, fees for all other services predominantly included engagements for which the related fees were less than \$10,000 each, as well as permissible reviews of international reorganization activities.
- (5) Totals for fiscal year 2002 have been recalculated to conform to this new form of presentation in compliance with the SEC's new disclosure requirements and include an additional \$225,000 of previously unreported out-of-pocket expenses associated with audit services.

The Audit Committee has adopted policies and procedures regarding its pre-approval of the audit, audit-related, tax and all other non-audit services to be provided by the Company's independent auditors or its affiliates to NCR or its consolidated subsidiaries (the "Pre-Approval Policy"). This policy is designed to assure that the provision of such services does not impair the independence of the Company's independent auditors. Under the Pre-Approval Policy, at the beginning of each fiscal year, the Audit Committee will review the services proposed by management and the Company's independent auditors to be provided during that year. The committee will then provide its pre-approval based on the limitations set forth in the Pre-Approval Policy. Under the Pre-Approval Policy adopted by the Audit Committee in January 2004 for the year ending December 31, 2004, these limitations include the following:

- In no case should NCR or its consolidated subsidiaries retain the Company's independent auditors or its affiliates to provide management consulting services or any non-audit services that are not permitted under applicable laws and regulations, including, without limitation, the Sarbanes-Oxley Act of 2002 and the SEC's related rules and regulations.
- Unless a type of service to be provided by the independent auditors has received general pre-approval, it will require specific pre-approval by the Committee. Any other non-audit services and tax consulting

services will require specific pre-approvals by the Committee and a determination that such services would not impair the independence of the Company's independent auditors. Specific pre-approvals by the Committee will also be required for any material changes or additions to the pre-approved services.

- The committee recommends that the ratio of total tax and all other non-audit services to total audit and audit-related services procured by the Company in a fiscal year be less than 1 to 1.
- The committee will not permit the exclusive retention of NCR's independent auditors in connection with a transaction initially recommended by the independent auditors, the purpose of which may be tax avoidance and the tax treatment of which is not supported in applicable tax law.
- Pre-approval fee levels for all services to be provided by the independent auditors will be established annually by the Audit Committee, and updated on a quarterly basis by the committee at its regularly scheduled meetings. Any proposed services significantly exceeding these levels will require separate pre-approval by the committee.
- The Corporate Controller will report to the committee on a quarterly basis regarding the status of all pre-approved audit, audit-related, tax and all other non-audit services provided by the Company's independent auditors or its affiliates to NCR or its consolidated subsidiaries.
- Back-up documentation will be provided to the Audit Committee by management and/or the independent auditors when requesting pre-approval of services by the Company's independent auditors. At the request of the committee, additional detailed documentation regarding the specific services will be provided.
- Requests or applications to provide services that require separate approval by the Audit Committee will be submitted to the committee by the Chief Financial Officer, with the support of the independent auditors, and must include a joint statement as to whether, in the view of management and the independent auditors, the request or application is consistent with the SEC's rules on auditor independence.

Under the Pre-Approval Policy, the Audit Committee has designated its Chair with limited authority to grant pre-approvals for audit, audit-related, tax and other non-audit services in the event that immediate approval of a service is needed. The Chair shall report any pre-approval decisions to the committee at its next scheduled meeting for its review and approval. The committee has not delegated to management its responsibilities to pre-approve services performed by the independent auditors.

The audit, non-audit, tax and all other non-audit services provided by PricewaterhouseCoopers to the Company, and the fees charged for such services, are actively monitored by the Audit Committee as set forth in the Pre-Approval Policy on a quarterly basis to maintain the appropriate level of objectivity and independence in the firm's audit work for NCR. Part of the committee's ongoing monitoring includes a review of any de minimus exceptions as provided in the applicable SEC rules for non-audit services that were not pre-approved by the committee. Of those total amounts reported above, approximately 55% of all other non-audit services, constituting an aggregate of 1% of the total amount of fees paid by the Company to PricewaterhouseCoopers during 2003, were approved by the committee after their commencement. However, all of such services were provided in connection with engagements existing prior to May 6, 2003, when the SEC's new pre-approval regulations went into effect. Additionally, these services were promptly brought to the attention of the committee and approved prior to the completion of the audit by the committee. There were no de minimus exceptions to the committee's Pre-Approval Policy for engagements commencing after May 6, 2003.

BOARD AUDIT COMMITTEE REPORT

The Audit Committee consists of three directors, each of whom is independent as determined by the Board of Directors under the standards set forth in the board's Corporate Governance Guidelines, which are based on the requirements of the listing standards of the New York Stock Exchange ("NYSE") and the applicable rules of the U.S. Securities and Exchange Commission ("SEC"). In accordance with NYSE and SEC rules, all members are "financially literate." In addition, two of its members are "audit committee financial experts" as defined under applicable SEC rules. A brief description of the responsibilities of the Audit Committee is set forth above under the caption "Committees of the Board." The Audit Committee acts under a charter adopted by the Board of Directors, which is periodically reviewed and revised as appropriate. The Audit Committee charter was revised and approved by the Board of Directors in January 2004 and a copy is included as Appendix A to this proxy statement.

In general, NCR's management is responsible for the preparation, presentation and integrity of the Company's financial statements, accounting and financial reporting principles, internal controls, and procedures designed to ensure compliance with accounting standards, applicable laws, and regulations. PricewaterhouseCoopers, NCR's independent auditors, are responsible for performing an independent audit of the Company's consolidated financial statements and expressing an opinion on the conformity of those financial statements with generally accepted accounting principles.

In the course of fulfilling its oversight responsibilities, the Audit Committee has reviewed and discussed with NCR management the Company's audited financial statements for fiscal year 2003, as well as its quarterly public earnings releases and its quarterly reports on Form 10-Q, and, together with the board, has reviewed and discussed the Company's annual report on Form 10-K and proxy statement. In addition, the Audit Committee met with management periodically during the year to consider the adequacy of the Company's internal controls and the clarity and completeness of its financial disclosures. The Audit Committee also discussed with NCR's senior management and independent auditors the process used for certifications by the Company's chief executive and chief financial officers for certain of the Company's filings with the SEC. Further, the Audit Committee discussed with PricewaterhouseCoopers, the Company's independent auditors, the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards). The Audit Committee also has received the written disclosures and the letter from PricewaterhouseCoopers required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and has discussed with PricewaterhouseCoopers its independence. In connection with its discussions concerning the independence of its independent auditors, the Audit Committee adopted policies regarding the hiring of employees from its independent auditors and requiring that the Audit Committee pre-approve all audit, audit-related, tax and other non-audit services provided by the Company's independent auditors or its affiliates to NCR or its consolidated subsidiaries. The committee also established procedures for processing and addressing complaints regarding accounting, internal controls, or auditing matters, and the confidential, anonymous submission by Company employees of concerns regarding questionable accounting or auditing matters. Finally, the Audit Committee has reviewed NCR's critical accounting policies and approved them.

The Audit Committee met in executive session at its regular meetings periodically throughout the year with both PricewaterhouseCoopers and the internal auditors. It also met privately on occasion with the Chief Financial Officer and Corporate Controller of the Company, each of whom has unrestricted access to the Committee.

Based on the reviews and the discussions referred to above, the Audit Committee recommended to the board that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2003 for filing with the SEC.

**DIRECTORS' PROPOSAL TO APPROVE THE APPOINTMENT OF
INDEPENDENT AUDITORS FOR 2004
(Item 2 on Proxy Card)**

The board's Audit Committee, which is composed entirely of independent directors, appointed PricewaterhouseCoopers LLP as independent auditors for 2004 to audit NCR's consolidated financial statements. The board has approved this selection and, as a matter of good corporate governance, is asking you to approve this appointment.

Based on its "Pre-Approval Policy" (as defined above on page 26) and applicable SEC rules and guidance, the Audit Committee has considered whether the provision of all of the tax and other non-audit services described above under the caption "Fees Paid to Independent Auditors" was compatible with maintaining PricewaterhouseCoopers' independence and concluded that they were.

PricewaterhouseCoopers has been the Company's independent accounting firm for many years and is a leader in providing audit services to the high-technology industry. The board believes that PricewaterhouseCoopers is well qualified to serve as NCR's independent auditors given its experience, global presence with offices or affiliates in or near most locations where NCR does business, and quality audit work in serving the Company. PricewaterhouseCoopers rotates its audit partners assigned to audit NCR at least once every five years and the Audit Committee has placed restrictions on the Company's ability to hire any employees or former employees of PricewaterhouseCoopers or its affiliates.

PricewaterhouseCoopers representatives will be at the annual meeting to answer questions, and they may also make any statement they wish at the meeting.

The board recommends that you vote FOR this proposal. If the stockholders do not approve this proposal, the Audit Committee and the Board of Directors will reconsider the appointment. Proxies solicited by the Board of Directors will be voted FOR this proposal, unless you specify otherwise in your proxy.

**STOCKHOLDER PROPOSAL REGARDING AUDITOR FEES
(Item 3 on Proxy Card)**

We expect the following stockholder proposal to be presented at the annual meeting. Following SEC rules, we are reprinting the proposal and supporting statement as they were submitted to NCR's Corporate Secretary. NCR takes no responsibility for them. **The board recommends that you vote AGAINST this proposal for the reasons given after the proposal.**

The following proposal and supporting statement were submitted by the United Association S&P 500 Index Fund (the "United Association Fund"), 1 Freedom Valley Drive, Oaks, Pennsylvania 19456. The United Association Fund has provided proof that it beneficially owns 6,073 shares of common stock of the Company.

The United Association Fund's Proposal

Resolved, that the shareholders of NCR Corporation ("Company") request that the Board of Directors and its Audit Committee adopt a policy stating that the public accounting firm retained by our Company to audit the Company's financial statements will perform only "audit" and "audit-related" work for the Company and not perform services generating "tax fees" and "all other fees" as categorized under U.S. Securities and Exchange Commission ("SEC") regulations.

Supporting Statement: The issue of auditor independence has been a major concern for investors and the markets since the demise of Enron. In response to numerous incidences of accounting fraud that shook the foundations of the corporate financial auditing and reporting system, both Congress and the SEC have responded with important reforms. However, we believe that more needs to be done to limit the potential impairment of auditor independence.

The Sarbanes-Oxley Act ("Sarbanes-Oxley") was a strong effort to deal with various aspects of the

auditor independence issue. Sarbanes-Oxley enhanced the role of board audit committees in retaining and monitoring audit firms, while limiting the types of non-audit services that audit firms are permitted to perform for audit clients. The SEC followed-up with enhanced reporting requirements (Release No. 33-8183, May 6, 2003) that provide investors better insight into the range of services beyond audit services for which an audit firm is being utilized. The following categories of service fees must be reported: (1) Audit Fees; (2) Audit-Related Fees; (3) Tax Fees; (4) All Other Fees.

We believe important steps have been taken to protect auditor independence, but we also believe more needs to be done. The Congress and the SEC have acted. Now we think it is important that shareholders use the enhanced disclosure to protect the integrity of the financial reporting system.

Fee disclosures indicate that our Company paid the firm retained to audit the Company's financial statements more for non-audit services than for the audit work. Specifically, our Company paid more in combined fees for "audit-related," "tax" and "all other" work performed by the audit firm than it did for the "audit" work performed by the firm. We believe this imbalance is unhealthy and a potential threat to auditor independence at our Company. Further, when this imbalance occurs we believe it is time for the Board's Audit Committee to adopt a policy that addresses the issue.

Our resolution presents a straightforward and effective response: The Board and the Audit Committee should adopt a policy that limits the public accounting firm retained to audit the Company's financial statements to performing only "audit" and "audit-related" work. We believe that limiting the audit to providing only audit and audit-related services would be another positive step in protecting auditor independence.

We urge your support for this reasonable measure to advance auditor independence.

NCR's Response

Your directors recommend a vote AGAINST this stockholder proposal for the following reasons:

NCR's Board of Directors believes that auditor independence is fundamental to the integrity of the Company's financial statements and firmly supports the independence requirements of the Sarbanes-Oxley Act of 2002 and the SEC's related rules and regulations.

As part of the Sarbanes-Oxley Act, Congress determined that independent auditors should not be permitted to provide certain non-audit services to their audit clients. After carefully considering the arguments for and against the provision of non-audit services by independent auditors, Congress rejected an absolute ban on the provision of non-audit services and instead determined that independent auditors may provide certain non-audit services, if those services receive audit committee prior approval.

When implementing the independence standards of the Sarbanes-Oxley Act, the SEC articulated three basic principles necessary to preserve an outside auditors' independence: (1) an auditor cannot function in the role of management, (2) an auditor cannot audit his or her own work, and (3) an auditor cannot serve in an advocacy role for his or her client. Consistent with these principles, Congress and the SEC prohibited certain non-audit services representing a high degree of risk of conflicts of interest. In addition, the SEC promoted auditor independence by requiring detailed disclosure of the fees paid by a company to its independent auditors for audit services, audit-related services, tax services and other non-audit services, as well as the audit committee's policies and procedures for pre-approval of services by the independent auditors. This detailed information is provided on page 26 of this proxy statement.

In April 2003 and January 2004, NCR's Audit Committee adopted pre-approval policies and procedures for services to be performed by the Company's independent auditors, PricewaterhouseCoopers, in 2003 and 2004, respectively. These policies and procedures, described above under "Fees Paid to Independent Auditors," significantly limit the use of NCR's outside auditors for tax or other non-audit services in several respects. For example, the Audit Committee adopted a policy of prohibiting the Company's independent auditors from performing any management consulting services for NCR and put in place guidelines that the ratio of spending for total tax and all other non-audit services compared to

spending for audit and audit-related services rendered by the independent auditors in a fiscal year should not be more than 1 to 1. NCR's 2003 ratio of spending for tax and all other non-audit services compared to audit and audit-related services was 0.9 to 1. This ratio was less than the prior-year period, and is expected to decrease further in 2004. We also expect NCR's absolute spending on tax and other non-audit services to decrease significantly in 2004. In addition, the Audit Committee's pre-approval policies and procedures prohibit the exclusive retention of the independent auditors in connection with a transaction initially recommended by the outside auditors, the purpose of which is solely tax avoidance and the tax treatment of which is not supported in applicable tax law. Finally, the Audit Committee actively monitors the Company's use of its outside auditors on a quarterly basis to ensure that the firm's independence is preserved and that the committee's pre-approval policies and procedures are followed.

With respect to tax services, the SEC confirmed its long-standing position that an accounting firm can provide tax services to its audit clients without impairing its independence. According to the SEC, accountants may continue to provide tax services such as tax compliance, tax planning, and tax advice to audit clients, subject to the new audit committee pre-approval requirements. In approving certain tax and other non-audit services, the Audit Committee carefully considered the nature of the services to be provided and determined that such services were not prohibited under applicable rules, would not run afoul of the three key principles of independence articulated by the SEC, and would not impair PricewaterhouseCoopers' independence in auditing the Company's financial statements.

The board believes that adopting the United Association Fund's proposal would inappropriately restrain the Audit Committee's flexibility in securing services for the Company. The board also believes that prohibiting NCR's independent auditors from providing certain permitted non-audit services would result in inefficiencies and increased costs to NCR. There are circumstances when the Company can realize considerable cost and time savings by retaining its independent auditors for certain non-audit related matters that take advantage of the independent auditors' considerable knowledge of NCR. In such circumstances, the Board of Directors believes that it is in the best interests of NCR and its stockholders to maintain the flexibility provided under applicable laws and regulations to retain our

independent auditors to provide such services, subject to the Audit Committee's determination that such services do not impair auditor independence and are pre-approved as required.

In light of the protections implemented at the Company, as overseen by NCR's independent Audit Committee, your Board of Directors believes that the independence of the Company's outside auditors will not be impaired by the provision of certain tax and other non-audit services as permitted under the Sarbanes-Oxley Act and the SEC's rules and regulations. The board also believes that implementing this stockholder proposal will likely result in additional time and expense, without a corresponding benefit, for the Company.

For these reasons, the board recommends that you vote AGAINST this proposal. Proxies solicited by the Board of Directors will be voted AGAINST this proposal, unless you specify otherwise in your proxy.

**STOCKHOLDER PROPOSAL REGARDING DISCONTINUATION
OF CERTAIN EXECUTIVE COMPENSATION
(Item 4 on Proxy Card)**

We expect the following stockholder proposal to be presented at the annual meeting. Following SEC rules, we are reprinting the proposal and supporting statement as they were submitted to NCR's Corporate Secretary. NCR takes no responsibility for them. **The board recommends that you vote AGAINST this proposal for the reasons given after the proposal.**

The following proposal and supporting statement were submitted by Robert D. Morse, 212 Highland Avenue, Moorsetown, New Jersey 08057-2717. Mr. Morse has provided proof that he beneficially owns 163 shares of common stock of the Company.

Mr. Morse's Proposal

Management and Directors are requested to consider deleting all rights, options, SAR's. and severance payments to top Management after expiration of existing plans or commitments. This does not apply to plans for lesser Managers or employees whom are offered reasonable options bonuses.

REASONS:

It is noted that Shareowners are only allowed to make "requests" for Directors actions in this proposal, therefore the recourse is by voting "Against" when considering their election or re-election to office. Management is allowed to publish "reasons" to vote "Against", therefore this Proponent has the same privilege in their election or re-election requests.

"Abstain" is a non-vote and "Except" only a partial choice, if made to delete certain Nominees. Since most may be unknown to the majority of Shareowners, there is little accomplished in using that vote. Since about 1975, the States of DE, MD, NJ, NY, and VA have enacted laws, [Rules] which were accomplished after pressure from lobbyists which automatically guarantee that all Company offered nominees for Director will always be elected, there being only that number of names required, and there are no opponents. This is known as "Plurality" voting, a process whereby the ones receiving the greater amount of votes always are elected. The word "Against" is deleted under the explanation that: "the shareowners might be confused into thinking that voting "Against", would win, when that is actually "unlawful" in those States of incorporation. Is this not a violation of the Constitution and/or The Bill of Rights? Federal law should supercede State Law whenever conflicting.

Thank You, and please vote YES for this Proposal.

NCR's Response

Your directors recommend a vote AGAINST the shareholder proposal for the following reasons:

Mr. Morse's proposal is unclear on its face, but appears to call for elimination of any new equity compensation and severance pay for top management. Moreover, the reasons submitted in favor of this proposal do not relate to the substance of the proposal or even executive compensation. In fact, his reasons relate to the voting requirements to elect NCR directors, which are set forth in the Company's Bylaws and under applicable Maryland law where NCR is incorporated.

As described in the Board Compensation Committee Report on Executive Compensation, a portion of each NCR executive's compensation is closely linked to the Company's performance. Both the stock options and bonus payments made to executives are variable with the ultimate pay-out depending on the extent to which NCR meets the financial performance and other measurements determined by the Company's independent Compensation Committee.

NCR's option program has been a pay-for-performance program in relation to the Company's stock price. Each year since NCR's spin-off from AT&T Corp., options have been granted with an exercise price of the fair market value on the date of grant. NCR's stock performance during that time has been relatively stable, with brief moves above \$50 in 1999 and late 2000. The stock price declined significantly in 2002 when the capital spending environment, economy and stock market significantly declined. In 2003, largely due to improved performance, NCR's stock price more than doubled from its low in February, returning to the \$30 range.

Most of the options granted since 1997 have exercise prices in the \$31-\$44 range, and therefore were underwater while the stock was trading below this range. Unlike many companies that experienced declining stock prices, NCR did not exchange or reprice any underwater options. As a result, the Company's option program has historically been tied to its stock price performance and has not resulted in exorbitant windfalls for our executives.

The proponent's request to discontinue severance payments to senior management is also misplaced. The Company's current practice with respect to severance payments to senior executives is to pay no more than one year of salary. This approach positions NCR at the low end of market practice with respect to executives.

In addition, the board believes that NCR's executive compensation program is competitive with those companies with which we compete for executive talent and must remain so as we work to profitably grow the Company. Without a competitive package that includes equity compensation and severance pay for executives it would be nearly impossible for NCR to offer competitive pay packages to attract and retain talented leaders to make the Company successful.

For these reasons, the board recommends that you vote AGAINST this proposal. Proxies solicited by the Board of Directors will be voted AGAINST this proposal, unless you specify otherwise in your proxy.

OTHER MATTERS

The Board of Directors does not know of any matters that will be brought before the annual meeting other than those listed in the notice of meeting. If any other matters are properly introduced at the meeting for consideration, including consideration of a motion to adjourn the meeting to another time or place, the individuals named on the enclosed form of proxy will have discretion to vote in accordance with their best judgment.

We have hired Georgeson Shareholder Communications Inc., to assist in the solicitation of proxies, at an estimated cost of \$17,000, plus reimbursement of reasonable out-of-pocket expenses. In accordance with the SEC and the New York Stock Exchange rules, NCR will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their expenses of sending proxies and proxy materials to the beneficial owners of NCR common stock.

In addition, you must comply with SEC Rule 14a-8 to have your proposal included in the Company's proxy statement.

A copy of the full text of the Company's Bylaws may be obtained upon written request to the Corporate Secretary at the address provided above.

Stockholder Proposals for 2005 Annual Meeting

Stockholders interested in presenting a proposal for consideration at NCR's annual meeting of stockholders in 2005 must follow the procedures found in SEC Rule 14a-8 and the Company's Bylaws. To be eligible for inclusion in the Company's 2005 proxy materials, all qualified proposals must be received by NCR's Corporate Secretary no later than November 15, 2004. Stockholder proposals submitted after that date but before December 15, 2004, may be presented at the annual meeting if such proposal complies with the Company's Bylaws, but will not be included in the Company's proxy materials. If a stockholder proposal is received after December 15, 2004, and is properly brought before the meeting, the persons named on the proxy card may vote in their discretion regarding such proposal all of the shares for which we have received proxies for the annual meeting.

The above notice and proxy statement are sent by order of the Board of Directors.

NCR CORPORATION—AUDIT COMMITTEE CHARTER**Purpose**

In addition, the Audit Committee shall regularly review the scope and results of audits performed by the Company's independent auditors and the Internal Audit department. The Audit Committee shall also prepare the report required by the rules of the Securities and Exchange Commission to be included in the Company's annual proxy statement.

The Committee's responsibility is oversight, and it recognizes that the Company's management is responsible for preparing the Corporation's financial statements. Additionally, the Committee recognizes that financial management (including the Internal Audit staff), as well as the independent auditors, have more knowledge and more detailed information about the Company than do the members of the Committee; consequently, in carrying out its oversight responsibilities the Committee is not providing any expert or special assurance as to the Company's financial statements or any professional certification as to the independent auditors' work.

Committee Composition

The membership of the Committee shall consist of at least three members of the Board of Directors, one of whom shall serve as Chair of the Committee. The Committee shall be comprised solely of independent directors who are "independent" Directors as determined by the Board under the standards set forth in the Board's Corporate Governance Guidelines. No member of the Committee may receive any compensation, consulting, advisory or other fee from the Company, other than Board compensation, as determined in accordance with applicable Securities and Exchange Commission (SEC) and New York Stock Exchange (NYSE) rules. Members serving on the Audit Committee are limited to serving on two other audit committees of public companies, unless the Board of Directors evaluates and determines that these other commitments would not impair his or her effective service to the Company. In accordance with NYSE and SEC rules, all members shall be "financially literate" and at least one member shall be a "audit committee financial expert" with "accounting or related financial management expertise."

Primary Committee Responsibilities*Financial Reporting and Disclosures*

Any pre-approvals granted by such Committee member(s) will be presented to the full Committee at its next regularly scheduled meeting for ratification.
9. This review should include, at least annually, among other things (1) consideration of the experience of the senior partner of the independent auditor to ensure that such senior partner has not performed audit services for the Company in each of the five previous fiscal years, and (2) a review of the formal written statement from the independent auditors required under applicable standards and regulations delineating all relationships between such firm and the Company, including all non-audit services performed by the independent auditors.

19. Review and discuss the overall quality and adequacy of the internal control framework of the Company to assure that the Company's financial accounting and reporting control processes generally conform to internationally accepted standards for internal control, including the security and controls surrounding assets and computerized information systems, and any special audit steps adopted in light of any material control deficiencies.

22. Review and discuss with management any issues relating to the design and implementation of the company's disclosure controls and procedures, and internal control over financial reporting. On a quarterly basis, confirm with the CEO and CFO whether there are any significant deficiencies or material weaknesses in the design or operation of internal controls over financial reporting which are reasonably likely to affect the company's ability to record, process, summarize and report financial information, or whether there is any alleged fraud (whether material or not) involving management or other employees with significant roles in internal controls over financial reporting.
23. Review with management and the General Counsel the status of any legal and regulatory matters that may result in a material financial impact on the Company's financial statements, including: the Company's compliance issues, threatened, pending, or ongoing litigation and outstanding matters with regulatory agencies.
24. Discuss with management the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management guidelines, policies and procedures.

32. Annually evaluate the performance of the Committee.

In addition, NCR's CFO may request additional Committee meetings. The meetings will generally be held four times a year. The Committee may request that members of management and/or representatives of the independent auditors be present as needed in order to execute the Committee's primary responsibilities. Subject: Electronic Delivery of Materials for NCR's Annual Meeting of Stockholders

For the past several years, as part of our ongoing efforts to improve efficiency and control costs, NCR has posted its annual report and proxy statement (also known as annual meeting materials) on the investor page of its web site and notified employees by e-mail when and where the materials were posted each year.

This year, we are extending our electronic delivery program, as permitted under the U.S. securities laws, for certain U.S.-based employees who are NCR stockholders. If you are a U.S.-based employee with an NCR e-mail account and Internet access and:

- invest in the NCR stock fund of the NCR Savings Plan (the company's 401(k) plan);
- invest in company stock through the Employee Stock Purchase Plan (ESPP);
- invest in company stock through the Direct Stock Purchase Plan (DSPP) administered by Mellon Investor Services, NCR's transfer agent; or
- own registered shares of NCR stock (*i.e.*, directly in your own name and not through a bank or broker),

NCR will electronically deliver to you the 2003 annual report and 2004 proxy statement in connection with its annual meeting of stockholders this year and will not mail you paper copies these materials unless you specifically request them. Instead of paper copies mailed to your address of record, you will receive an e-mail directing you to the company's Investor Relations web site (<http://investor.ncr.com>), where these annual meeting materials can be accessed, viewed and printed at any time at your convenience.

In addition, your proxy ballot will also be available online. You will have the option of voting your proxy for the annual meeting online or through a special telephone voting service. Just like votes cast using paper proxy cards, votes cast over the Internet or telephone are tabulated in a secure manner by an independent third party.

You will receive an e-mail message on or about March 15 describing how to access this year's annual meeting materials and your proxy ballot. At that time, you will also be given the information required to vote your ballot online or by telephone. Please note that you will need your pre-assigned PIN # to access the online voting system. Your pre-assigned PIN # is the last 4 digits of your social security number.

These improvements are consistent with the company's objective of improving efficiencies and controlling costs. We appreciate your willingness to use the electronic option to vote and receive future stockholder information. Whatever your choice, we urge you to vote your shares.

Attached below is a document containing answers to some of the questions you may have about this new process.

These materials will be made available on the Investor page of NCR's web site (<http://investor.ncr.com>) and can be accessed, viewed and printed 24-hours-a-day, 7 days-per-week.

How do I vote my proxy electronically?—At the time you receive the e-mail message describing how to access your annual meeting materials and proxy ballot, you will also be given the information required to vote your proxy ballot online or telephonically. Please note that you will need your pre-assigned PIN # to access this system. Your pre-assigned PIN # is the last 4 digits of your social security number.

Does electronic delivery apply to NCR stock that I have in my brokerage account?—No, this applies only to shares that you may hold directly in your own name, or through a company-sponsored or administered plan such as the NCR Savings Plan, the Employee Stock Purchase Plan or the Direct Stock Purchase Plan. As an investor with multiple positions in NCR Corporation, you will receive one copy of the 2003 Annual Report and Notice of 2004 Annual Meeting and Proxy Statement. These materials will be included in a subsequent mailing. In our continuing efforts to control costs and provide quality service to our investors, multiple copies of these materials to the same investor are being eliminated whenever possible. As a result, this mailing does not contain a copy of the 2003 Annual Report and Notice of 2004 Annual Meeting and Proxy Statement. Again, this efficiency has been instituted not only to achieve cost savings, but also to respond to requests from many of our stockholders asking that we suppress duplicate copies of materials directed to the same household.
